

**PERRY HIGH SCHOOL
STEM DIPLOMA
STEM SCHOLAR DIPLOMA
APPLICATION 2016-2017
Applications Due March 4th**

Program applying for:

STEM

STEM Scholar

Perry High School offers a STEM diploma and STEM Scholar diploma. Students who are interested in the STEM diploma program should have an interest in one of the three programs of study: science, engineering or mathematics. Students who do not reside in the Perry High School attendance boundaries may apply for open enrollment.

STUDENT INFORMATION

--	--	--	--

Last Name

First Name

Middle Name

ID Number

SCHOOL/PARENT INFORMATION

School presently attending: _____

Out of boundary request? Yes No

If yes, what is your home school: _____

Parent name: _____

Email address: _____

Contact phone number: _____

Are you enrolled in the Honors/CATS program at your school? YES NO

Honors classes taken: _____

Current GPA: _____

Current level of language arts: _____

Current level of mathematics: _____

Extracurricular activities (At or outside of school):

Please briefly explain why you would like to participate in the STEM program and what you hope to accomplish from your participation:

Which Program of Study interests you the most?

- Biotechnology
- Engineering
- Computer Science
- Medical

Students, please rank your interest in the following aspects of STEM in the "S" column.
(1=Exceptional interest; 2=High interest; 3=Average interest; 4=Low interest; 5=No interest)

- Studying Science, Technology, Engineering and Math (STEM) related subjects
- Hands on experimentation in engineering and/or science
- Advanced levels of math and science
- Learning about and being a part of cutting-edge scientific advances
- Learning about and exploring career opportunities in your area of interest
- Engaging in projects that serve the community
- Applying critical thinking skills
- Learning 21st century skills
- Entering college with multiple college credits
- Working with professionals in industry
- Taking college classes while in high school
- Working as a team, collaborating on projects
- Learning how to think and solve non-routine problems independently
- Summer internships/workshops
- Exploring STEM-related careers
- Integrated studies and projects

* Summer workshops and experiences are **required** for this program and **may require a cost to attend**. Is there anything that would prevent you from attending summer workshops or a summer experience?

Yes No

If you answered yes, please explain:

** Please submit one letter of recommendation from your current mathematic or science teacher explaining your strengths as a student and why you would be a good candidate for the STEM program at Perry High School.

Return all completed applications to Perry High School in care of Joe Greene.
Any questions feel free to contact Joe Greene at 480-224-2833.
