

Intel's Matching Grant Programs

Earn Money for Our School Two Ways

Intel's matching grant programs add up to big benefits for our school!

- ❖ After a minimum of 20 hours volunteered by Intel employees at our school, Intel will match with a \$10 per hour grant to our school.
 - Eligible volunteer activities include in-classroom and after-school help, coaching, chaperoning field trips, parent organizations, facility maintenance and more!
 - Our school can earn up to \$15,000 a year.
 - Intel employees should visit: [goto/report hours](#) from a work browser to report volunteer time.

- ❖ Intel will also match eligible donations, dollar-for-dollar, made to our school by Intel employees.
 - Intel employees should visit [GoTo/GetMatched](#) from a work browser to either make a donation to the school or submit a receipt for a donation made directly to the school.

Help maximize our school's earnings!

- Spread the word to parents who work at Intel
- Remind Intel volunteers to report their hours and financial contributions
- Request Intel employees to volunteer in our school
