Principal's Communique to Parents

To the parents of Bologna Elementary students:

This week, our superintendent, Dr. Camille Casteel, sent out a letter to parents through Infinite Campus, registered Schoolwires accounts and social media, but there may have been a few misfires due to changes in email addresses, etc. The information contained in this letter is vital to Chandler Unified School District, and as a result, to Bologna Elementary and ultimately, your children. Please take the time to read the letter found through the link below regarding two issues critical to our schools as well as all public schools in Arizona.

As a district, our goal is to educate children, and educate them to the best of our abilities using the resources we have available; however in recent years, what we have available has been steadily reduced. Our CUSD leadership has steadfastly focused on making decisions only after determining two things: firstly, is the decision fiscally responsible, and secondly, and most importantly, is it what is best for children? Our new State Legislature will be voting on several bills directly impacting us and our schools. By taking the time to read Dr. Casteel's letter addressing two proposed bills, as well as the time to communicate with your legislators, you will be helping us to let our collective voice be heard in protest of these proposed legislative measures.
