NO REFUNDS ON/AFTER MAY 1ST.
REGISTRATION CLOSES Wed., May 31st

*Please submit the credit/refund form available on our website www.CUSDcommunity.com under Summer Academy "Additional Information".

Elementary Summer Academy Tips & Things to Know

- **ENROLLMENT:** Summer Academy courses will only be carried upon sufficient enrollment.
- If a class is canceled, no worries! We offer a full refund or credit or you can simply select a different class for your child. Just give us a call and let us know or submit the credit/refund form which is available on our website under additional information.
- **ATTENDANCE & GRADES:** Elementary courses are designed to enhance and enrich learning. During the summer program, teachers check and monitor attendance daily. Although we would like students to attend everyday, attendance is not mandatory. In addition, students will not receive an official grade in any of the courses.
- During the summer, students will have practice assignments to enhance the daily concepts taught during the program. However, no grades or report cards are given in Summer Academy. Homework is not given unless specified by a class.
- **CODE OF CONDUCT:** During the summer session, all students are expected to adhere to Chandler Unified School District's Code of Conduct.
- **DRESS CODE:** Students are expected to adhere to the CUSD Dress Code during Summer Academy. For dress code violations, students will contact their parents for a change of clothing. Repeat occurrences will result in a parent meeting.
- **MAPS:** If you are unable to attend the Open House, maps of classrooms and locations will be available the first day of class at the Summer Academy location. Summer Academy is very similar to the regular school year. Students arrive on the first day a little nervous and apprehensive. To help with the transition, try to arrive 15-20 minutes early on the first day AND walk your child to his/her classroom the first 3 days. In addition, confirm with the teacher whether your child will remain on campus for a 2nd class or leave for the day after the first class. Please be patient and understanding during the first couple of days as we work to get your child settled in their class.
- Don't forget to bring a copy of your receipt which lists the name of the class(es) you've registered your child. Knowing the exact name of the class will make it much easier in finding the classroom/room number. The assigned room numbers are posted throughout the building on the first day.
- Transportation services are not available at the elementary level. Students are expected to be picked up on time at the conclusion of their class. Upon the 3rd late pickup, the student will be dis-enrolled with no refund. If for some reason you are delayed due to an emergency or unforeseen circumstance, please contact the Summer Academy office to notify them as soon as possible.
- We are staffed with a health assistant. However, you must submit a doctor's order for any health issues along with proper medication.
- If your child has an IEP, please submit a copy of the most recent IEP to your child's teacher on the first day of school. Please consult with your child's special education teacher to see if he/she qualifies for Extended School Year (ESY) support.
- Summer Academy can help with retention of materials; however, it will not replace a teacher's recommendation for retention.
- Summer Academy is only available to students enrolled in kindergarten and beyond. Preschool students are NOT eligible to attend Summer Academy. Our CTA Kinder Boot Camp is the only kindergarten course offered to CTA students. All other CTA courses are for students 1st-6th grades.
- If your child is on a waiting list for a CTA school, he/she is NOT eligible to attend our summer CTA Spalding courses. For students awaiting an open enrollment boundary exemption or have not secured enrollment at a CTA school, the CTA Spalding course offerings are NOT recommended.
- Our CTA Summer Academy courses are best for students already enrolled in a CTA school that may be struggling or students new to a CTA school.
- Make sure your child brings a bottle of water and a light snack every day.

Elementary Academic Courses (Grades K-6th)

DIGITAL STORYTELLING

Digital Storytelling: This class is designed for students entering 2nd-3rd grades. Students will use Storybird to create a digitally illustrated story. This class will engage students in the writing process while creating a digital storyboard accessible anywhere. For questions regarding this class, please contact Jamie Cordova at 480-224-2700 or cordova.jamie@cusd80.com or Josh Cagle at 480-224-3853 or cagle.josh@cusd80.com.

Code	Grades	Location	Time	Dates	Fees	Min/Max
digital10717	Entering 2 nd -3 rd	Fulton Elem.	8:30 am - 10:15 am	6/5-6/23	\$140	15/20

Cancelled

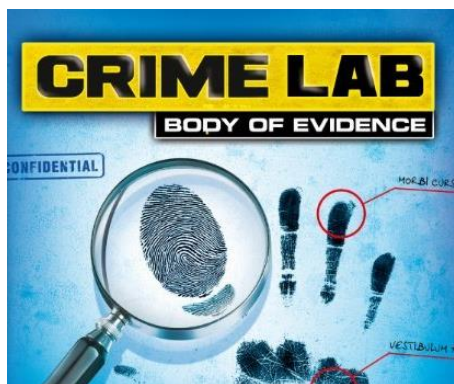

Blogging Basics: This class is designed for students entering 4th-6th grades. Students will create and maintain their own blogs through purposeful writing with a real audience. Students will learn how to maintain their blogs while including photos, videos, pictures and more. For questions regarding this class, please contact Jamie Cordova at 480-224-2700 or cordova.jamie@cusd80.com or Josh Cagle at 480-224-3853 or cagle.josh@cusd80.com.

Code	Grades	Location	Time	Dates	Fees	Min/Max

Creative Writing: This class is designed for students entering 3rd-4th or 5th-6th grades. Shel Silverstein, Dave Pilkey, and Gordon Korman all started their writing when they were young. Is your child filled with stories? Do they love telling them, but then have a difficult time when it comes to writing? If so, this is the perfect class to improve writing skills. This class is designed to help those creative juices flow. Students will learn what to do after they brainstorm. They will plan and write several short stories throughout the summer and learn to choose interesting words to make their papers sound more vibrant. Writing blocks are a thing of the past after taking this class. For questions regarding this class, please contact Jamie Cordova at 480-224-2700 or cordova.jamie@cusd80.com or Josh Cagle at 480-224-3853 or cagle.josh@cusd80.com.

Science

Lab Rats: This class is designed for students entering 3rd-4th or 5th-6th grades. No supplies needed. Let's explore the fun world of science. In this class, students use the inquiry method to complete fun, hands-on experiments. Students create a hypothesis and complete a lab sheet while inquiring about the endless possibilities of science. Some experiments may include self-freezing soda, milk and food coloring mixtures, and how to make an egg float (just to name a few). They will explore the world around them and learn all at the same time. For questions regarding this class, please contact Jamie Cordova at 480-224-2700 or cordova.jamie@cusd80.com or Josh Cagle at 480-224-3853 or cagle.josh@cusd80.com.

Kinder Ready: This course is designed for students entering kindergarten. Students are introduced to early concepts in reading, writing, and math. Students also learn school rules while participating in fun activities with new friends. Morning and afternoon sessions will cover different material, so students are welcome to sign up for both sessions. This course is the perfect "baby-step" to begin your child's academic career. Register soon to avoid missing out on the fun! For questions regarding this class, please contact Jamie Cordova at 480-224-2700 or cordova.jamie@cusd80.com or Josh Cagle at 480-224-3853 or cagle.josh@cusd80.com.

STEM Science, Technology, Engineering, Mathematics

STEM Program: We are excited to offer a STEM program for students entering 4th through 6th grades. Have you ever wondered how a pendulum works, or a roller coaster is built or even how to launch a rocket? This class will answer all these questions and more. This class is designed for students who want to learn about energy, space, and water through a compressive STEM (Science, Technology, Engineering and

Mathematics) curriculum. Students will construct robust models and an in depth understanding of the world around us.

STEM Program 2 (OPEN TO 2016 PARTICIPANTS ONLY): Students will be expand their knowledge from last summer with different STEM projects. For questions regarding this class, please contact Jamie Cordova at 480-224-2700 or cordova.jamie@cusd80.com or Josh Cagle at 480-224-3853 or cagle.josh@cusd80.com.

Rock Stars: This class is designed for students entering 3rd-6th grades. Have you ever wanted to star in a music video? Or work behind the scenes directing or filming? This class provides it all! Student work in small groups to choreograph, design, and edit their own music video. When their project is completed, students learn how to burn a CD copy of their video to share at home with their friends and family. Students will need some sort of electronic device, such as an iPod, iPhone, or other tablet device to download a free app. To see an example of a final project, please click on the following link https://youtu.be/qHc2_hPK02A. For questions regarding this class, please contact Jamie Cordova at 480-224-2700 or cordova.jamie@cusd80.com or Josh Cagle at 480-224-3853 or cagle.josh@cusd80.com.

Reading Basics: This class is for students entering K-1st or 2nd-3rd grades struggling with basic reading. Is your child having difficulty with reading? Students will learn decoding skills to help read grade level appropriate material. Phonics and word recognition strategies are reviewed along with sight word and attack skills. This class is specifically for students who are not currently reading at grade level. If you're needing assistance with reading comprehension or reading fluency, please register for our Reading Comprehension class. The teacher/student ratio is kept lower in this class in order to focus on student's needs. For questions regarding this class, please contact Jamie Cordova at 480-224-2700 or cordova.jamie@cusd80.com or Josh Cagle at 480-224-3853 or cagle.josh@cusd80.com.

Reading Comprehension: This class is for students entering 2nd-3rd or 4th-5th grades. Is your child having difficulty understanding what they are reading? This class is designed for students who can read well, but have a difficult time understanding what they have read. Students will work on comprehension and summarizing skills. Students will read fiction, as well as, nonfiction material as they build their vocabulary. They will use context clues and inferencing strategies to better comprehend and summarize the content they have read. This course will help students deepen their understanding of an author's purpose and the different types of writing techniques used. For questions regarding this class, please contact Jamie Cordova at 480-224-2700 or cordova.jamie@cusd80.com or Josh Cagle at 480-224-3853 or cagle.josh@cusd80.com.

Around the World in 15 Days: This course is designed for students entering 1st-6th grades. Wishing you could travel this summer, but don't have a passport? No problem. Students will discover a world beyond Arizona. Travel to Italy, Japan, Brazil, and Canada and other great destinations from our classroom. This class will push your imagination to the limit and incorporate technology to explore various regions around the world. Students will create a travel journal, learn about the customs and traditions, famous buildings, history and people of each destination. And of course when you travel you must try the food!! Join

this class and share your 'travel' stories with friends and family upon your return. For questions regarding this class, please contact Jamie Cordova at 480-224-2700 or cordova.jamie@cusd80.com or Josh Cagle at 480-224-3853 or cagle.josh@cusd80.com.

CULINARY ARTS

Fun with Food: This course is designed for students in 1st-6th grades. Oodles of noodles, pretzels, cookies, and snacks of all kinds, these are a few of the items we'll cook up! As we cook our way through a literature-enriched curriculum, students are exposed to various writing styles. Not only will you create good, delicious treats, you'll get to eat and write about them. At the conclusion of the course, students walk away with a personalized cookbook of recipes and observations to share with family and friends. If you like cooking or just eating good food, sign up today! For questions regarding this class, please contact

Jamie Cordova at 480-224-2700 or cordova.jamie@cusd80.com or Josh Cagle at 480-224-3853 or cagle.josh@cusd80.com.

CTA Session 1 and 2: (Grades 1-6)

* Our CTA Summer Academy courses are best for students already enrolled in a CTA school that may be struggling or students new to a CTA school. Our summer program is NOT available to students entering kindergarten.

*If your child is on a waiting list for a CTA school, he/she is NOT eligible to attend summer CTA Spalding courses.

*For students awaiting an open enrollment boundary exemption or have not secured enrollment at a CTA school, the CTA Spalding course offerings are NOT recommended. Enrollment in any of the regular Elementary Summer Academy classes is welcomed.

*Don't forget students attending a CTA school are accelerated one grade level in math.

All CTA Spalding classes are held at Fulton Elementary & are taught by CTA Spalding certified teachers.

For specific questions regarding the CTA Spalding method, please contact Jamie Cordova at cordova.jamie@cusd80.com or Josh Cagle at cagle.josh@cusd80.com.

CTA Session 1 Spalding/Reading

The following classes are recommended for students entering a CTA elementary school. Students must already be registered at a CTA to enroll in these classes.

CTA Kinder Boot Camp: Is your kinder excited to start school? Well they don't have to wait. Sign them up for kinder boot camp where they will work on mastering their letter naming skills, practice first sound fluency, basic number sense, and basic handwriting. Since Spalding is taught with such specificity, this class will ensure your kinder is ready to hit the ground running when they enter their kindergarten classroom. Remember, this class is for students entering kindergarten only and already registered at a CTA school. Sign up for both classes as different material is covered in the 2nd session.

Code	Location	Time	Dates	Fees
spaldKINDER10717	Fulton Elem.	8:30-10:15 am	6/5-6/23	\$140
spaldKINDER20717	Fulton Elem.	10:15am-12pm	6/5-6/23	\$140

Spalding 1st Grade: This class is recommended for CTA students entering 1st grade. Students will review Spalding handwriting, all 70 phonograms, phonogram application, and spelling dictation. Students will also further their understanding of fiction and nonfiction text elements. (i.e. identifying characters, setting, and major events in a story or article). This class will enhance your child's writing through various activities involving sentence structure.

Code	Location	Time	Dates	Fees
spald1a0717	Fulton Elem.	8:30-10:15 am	6/5-6/23	\$140

Spalding 2nd Grade: This class is recommended for CTA students entering 2nd grade. Students will review Spalding handwriting, all 70 phonogram sounds, spelling dictation, various spelling rules and application. Students will also further their understanding of fiction and nonfiction text elements. Students will review creating great sentences and begin forming paragraphs during this class, as well.

Code	Location	Time	Dates	Fees
spald1b0717	Fulton Elem.	8:30-10:15 am	6/5-6/23	\$140

Spalding 3rd Grade: This class is recommended for CTA students entering 3rd grade. Students will review correct Spalding cursive letter formation, all 70 phonograms, spelling dictation, and spelling rule application. Students will review asking and answering questions such as who, what, where, when, why, and how to identify the main idea of the text. To increase their knowledge of creating a fluid paragraph, students will also review the 6 traits of writing.

Code	Location	Time	Dates	Fees
spald1c0717	Fulton Elem.	8:30-10:15 am	6/5-6/23	\$140

Spalding 4th Grade: This class is recommended for CTA students entering 4th grade. Students will review Spalding cursive, all 70 phonograms, spelling dictation, and rule application. Students will review asking and answering questions referring explicitly to the text, characteristics of fables, myths, and legends and the main idea of a text with supporting details, and the writing process.

Code	Location	Time	Dates	Fees
spald1d0717	Fulton Elem.	8:30-10:15 am	6/5-6/23	\$140

Spalding 5th-6th Grade: This class is recommended for CTA students entering 5th or 6th grades. Teachers will assess students on the first day of class in order to better understand each child's needs. Students are then grouped based on their needs. If students have mastered the review concepts listed below then the focus will be on advancing their learning. Students will practice spelling dictation, rule application, syllabication patterns, and prefix/suffix/base word meanings. Common Core standards are also reviewed with a focus on determining a theme of a story and analyzing different text elements. Students will also review the writing process.

Code	Location	Time	Dates	Fees
spald1e0717	Fulton Elem.	8:30-10:15 am	6/5-6/23	\$140

CTA Session 2 Math

Recommended for new students entering a CTA elementary for the first time or who may need additional help for success in the Saxon math curriculum-advanced by one grade level.

***Don't forget students attending a CTA school are accelerated one grade level in math.**

1st Grade Math: Recommended for CTA students entering 1st grade. Students will review counting to 100 (by 1's, 2's, 3's, etc.), understanding place value, identifying greater than and less than, solve addition and subtraction word problems, finding numbers to make 10, money, and time. Students will also practice addition and subtraction facts daily to help with speed and accuracy.

Code	Location	Time	Dates	Fees
spald2a0717	Fulton Elem.	10:15 am-12pm	6/5-6/23	\$140

2nd Grade Math: Recommended for CTA students entering 2nd grade. Students will review solving addition and subtraction story problems, addition and subtraction using 3 whole numbers, finding a missing addend, adding two-digit by two-digit numbers, measurement, fractions, money and time to the quarter hour. Students will also practice addition and subtraction facts daily to help with speed and accuracy.

Code	Location	Time	Dates	Fees
spald2b0717	Fulton Elem.	10:15 am-12pm	6/5-6/23	\$140

3rd Grade Math: Recommended for CTA students entering 3rd grade. Students will review addition and subtraction of multi-digit numbers with regrouping, two-step addition and subtraction word problems, multiplying one digit by one digit numbers, rounding, fractions, money and elapsed time. Students will also practice addition and subtraction facts daily to help with speed and accuracy.

Code	Location	Time	Dates	Fees
spald2c0717	Fulton Elem.	10:15 am-12pm	6/5-6/23	\$140

4th Grade Math: Recommended for CTA students entering 4th grade. Students will review multiplication and division word problems, adding and subtracting decimal numbers including money, finding a missing number within a multiplication or division problem, explain strategies used to solve multi-step problems, and fractions. Students will also practice addition and subtraction facts daily to help with speed and accuracy.

Code	Location	Time	Dates	Fees
spald2d0717	Fulton Elem.	10:15 am-12pm	6/5-6/23	\$140

5th-6th Grade Math: Recommended for CTA students entering 5th or 6th grades. Teachers will assess students on the first day of class in order to better understand each child's needs. Students are then grouped based on their needs. If students have mastered the review concepts listed below then the focus will be on advancing their learning. Students will solve multi-step word problems with explanation, estimation including fractions and decimal numbers, identify and explain the properties of addition, subtraction, multiplication, and division, find greatest common factors, and least common multiples. Students will also deepen their understanding of fractions and decimals by adding, subtracting, multiplying and dividing with like and unlike denominators, compare and ordering from least to greatest and vice versa.

Code	Location	Time	Dates	Fees
spald2e0717	Fulton Elem.	10:15 am-12pm	6/5-6/23	\$140

**Please note that the above class descriptions are examples of concepts reviewed. Our teachers will adjust the curriculum to meet the needs of the class and new common core standards where necessary.

For specific questions regarding the CTA Spalding method, please contact Jamie Cordova at cordova.jamie@cusd80.com Or Josh Cagle at cagle.josh@cusd80.com.

Chandler Academy of Performing Arts and Technology

Summer 2017 Music and Technology Camp

*CAPA with a "T" returns featuring
TECHNOLOGY!*

What: The Chandler Academy for Performing Arts and Technology summer camp focuses on band and orchestra performing groups while integrating media and technology. Classes offered this summer are for band and orchestra students, offering courses to enhance and improve musical and personal growth on students' primary instrument. Teachers, special guests and clinicians conduct master classes, sectionals, and courses all focused on improving student performance.

We are also very excited to present classes on responsible media production and music technology. Students learn about copyright, storyboarding, shooting video and stills, editing, and audio capture and production. In addition students learn about how technology can enhance their practicing and performance as well as knowledge of music theory and composition.

Special performing guests are invited to exhibit professional and exciting examples of performance and technology integration.

Location: This year, camp is held at one of CUSD's newest campuses, Camille Casteel High School! CCHS, built in 2015, provides students access to new technology and beautiful rehearsal spaces. CCHS is located on the corner of Power Road and Riggs Road.

When:

June 12-15 8:30 – 3:30

June 19-22 8:30 – 3:30

June 22 Concert @ 6:30 PM at Camille Casteel High School

Cost: \$220

Who: This camp is offered to any student who has played a band or orchestra instrument for a minimum of one year. Students should be registered for grades 6-12 for the 2017-2018 school year.

Register Early!

Word is out about the camp and interest is high.

Register online at www.CUSDcommunity.com by clicking "register for a program".

SUMMER CAMP OFFERINGS

Summer break is a time for cool summer fun! Check out the full-day summer camp experiences we have in store for elementary and junior high students. In addition to our regular camp activities and field trips, Beyond the Bell offers one site that will accommodate the needs of elementary students attending Summer Academy classes. See the table below for details. All summer camp offerings are sure to be a cool hit with the kids, a great way to avoid summer heat, and an opportunity to get the good times rolling!

Kids Express - Grades K-6 (ages 5-12 only): Campers will enjoy fun weekly themes, tons of awesome S.T.E.M. projects, active games, team sports, water play, arts and crafts, swimming, movies, fantastic on-site special attractions, and some of their favorite field trips! Each child receives a camp T-shirt and summer survival pack. Get ready for a fun-drenched summer your kids won't soon forget!! See specific locations, dates, and rates below.

Location	Dates	Times	Activities
