

Hello Wolves Families,

It is with excitement that I welcome all of you to another outstanding year at Chandler High School. Chandler High School is the School of Champions and this is true both in the classroom, in our extra-curricular programs and on the athletic field. Chandler High is an “A” label school by the Arizona Department of Education and last year earned recognition as one of the most challenging high schools in the United States as ranked by The Washington Post. Our graduating class (Class of 2014) earned over 31.5 million dollars in scholarships to universities across the world. In addition, Chandler High was home to individual State Champions in Wrestling, Swimming, Girls Track, DECA and FFA as well as our Girls Track Team who won its 9th consecutive State Title. Although the 2013-14 school year was one of the best in school history, we’re looking forward to an even better 2014-15!

This is truly shaping up to be a special year at Chandler High as we celebrate our 100th year and continue the tradition of excellence. Throughout the year we have celebrations planned to highlight this milestone in Chandler’s history, starting with an all class reunion the weekend of September 26th. Chandler High School has come a very long way since 1914 when we opened our doors to 19 students. This year we are home to over 3100 students, with nearly 30% of our students attending Chandler High by choice on open enrollment, which ranks #1 for high schools in the Chandler Unified School District. We are proud to lead CUSD as the high school of choice and we are glad that you have chosen to make Chandler the high school for your child.

Larry Rother

Principal

Chandler High School – “*School of Champions*”
