

Santan JHS Student Learning Environment

The following criteria are used by the teacher teams and administration when establishing class lists:

Achievement Mixture
Gender Distribution

Group Dynamic
Class Size

Special Needs
Ethnic Balance

Santan's goal is to build classes that will ensure the best learning environment possible for all students. To achieve this goal, class placements are made by personnel who consider both group and individual needs. For this reason, parental requests for specific teachers or teams are not solicited or used as criteria for class placement. If you feel we need additional information regarding your child and his/her particular type of learning needs of environment, please complete the information below and return it to the school office.
