

Hello Frye Falcons!!

I miss all of you!!

Can you do [Tech Savvy](#) at home? **Of course!!** Go to the Tech Savvy website, just like you would in the classroom. You can use all the same things we would in class.

Challenge yourself to do several lessons in [Learning.com](#) everyday! If you run out of lessons, just let me know and I will add more. Remember you log in through CLEVER. Your clever login is: [s#@s.cusd80.com](#) and your password is your **regular computer password**. If you cannot remember, please ask me and I will be glad to give it to you!

One thing...if you are working on your keyboarding skills, remember that **PRACTICE MAKES PERMANENT** - which means, if you are practicing without using the correct hand position, you are not learning correctly. So, make sure you have your **hands on home row!!** [Learning.com](#) and [TypeTastic](#) have the best practice.

I will start to post some challenges on Facebook and on the website. Things to get your brain **THINKING**. If your parents have Facebook, make sure they follow the Frye Page!!

How do you contact Mrs. Gass?

Email: gass.heidi@cusd80.com

Calls: 480-744-0680 From 8am to 3pm Monday through Friday

Text: 480-744-0680

Stay safe, stay well!!

Mrs. Gass
