

# Meet the

# T E A C H E R

## Hey there!

Welcome to English 9 and English 10 at Chandler High School! I am very honored to have one of the most rewarding jobs that a person can have. I love being able to work with students and give them skills and resources they need to not only succeed in the classroom but outside of it as well. I am looking forward to an awesome year at Chandler High School! GO WOLVES!

## My Educational Philosophy

My philosophy of education is that all children are unique and must have a stimulating educational environment where they can grow physically, mentally, emotionally, and socially. I aspire to build a classroom environment where students can meet their full potential and aren't afraid to make mistakes. I strongly believe that all students have something special that they can bring to their own education. In our classroom, I will promise to provide all students a safe environment where they are invited to share their thoughts, ideas, take risks, and to make every decision on what is best for my students. In addition, I ensure to bring forth all my support, encouragement, and knowledge to every student to be successful in our 9th and 10th grade College and Career Readiness Standards.
