

The Colts Guide to Google Classroom

What is Google Classroom?

Think of Google Classroom (GC) as your digital link to learning.

Teachers use GC to share assignments, homework, newsletters, and much more with students! Parents can also receive information too!

Getting Started

Students are provided with a secure login and password that is unique to them.

Check with the student's district to obtain this private information. Guardians cannot obtain separate access, unless using their student's login information.
