

Accessing Resources for ELA Assignments

Once you log on to *Clever* you will need to go to *Think Central* and log in. (Directions on other attachment.)

When you first go into *Think Central* you will need to click on **Things to Do**

You will then see your assignments. **The story to read is the second Monday assignment.**

When you are done with your assignments, you do not need to click on Done. If you do, the assignments will disappear, but you can still get to them under the Old Assignments button.
