"Dedicated to Excellence"

Camille Casteel, Ed.D., Superintendent

May 26, 2020

Dear Parent or Guardian,

You are receiving this communication to inform you of a virtual academic enrichment opportunity for your child to take part in during the summer months. Beginning June 1<sup>st</sup>, all students in grades K-8 will have access to *MobyMax* through their Clever account.

*MobyMax* is a digital resource which was designed to identify learning gaps and allows for self-directed learning to occur. *MobyMax* automatically assigns lessons to each student based on their diagnostic results, ensuring that students practice the skills they need to work on without spending time on skills they have already mastered. K-8 students are encouraged to utilize *MobyMax* for enrichment opportunities in Reading, Math and other content areas throughout the summer months. *MobyMax* will continue to be a resource for our K-8 students throughout the 2020-2021 school year.

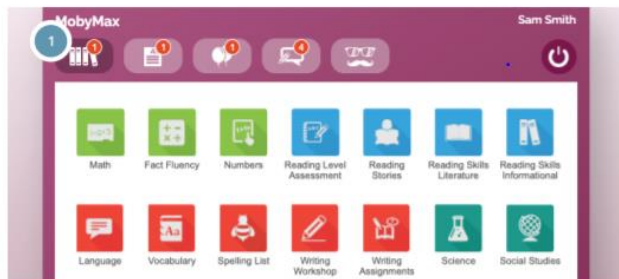

### **How to access MobyMax:**

1. Instruct your child to log into their Clever account. To learn more about logging on to the student Clever account, click [here](#).
2. Once your child is signed into their Clever account, click the *MobyMax* icon to get the learning started!

MobyMax

3. Click on the Subject Library button to get started.

This is where you'll find all the MobyMax learning subjects available to your child. From this screen, they can simply click on any of the icons to launch a new lesson or placement test.

### **Need Help?**

Visit the online Help Center at <https://support.mobymax.com> or call at (888) 793-8331. E-mail support is also available at [support@mobymax.com](mailto:support@mobymax.com)
