

WJHS STUDENT SCHEDULE

VIRTUAL LEARNING BEGINNING – AUG. 5, 2020

NOTES ABOUT THIS SCHEDULE:

- Following the schedule is **optional** – students may learn and complete work when it is convenient for them (videos and assignments will be posted for students to view at any time).
- The schedule is designed to provide **structure with a great deal of flexibility** to meet individual needs of students and families.
- **During virtual learning, all students will begin with homeroom** – regardless of when it shows up on their schedule in Infinite Campus.
- **Office Hours are designed to be a break for students** and a time for them to be able to connect with ANY of their teachers to ask questions or get help. Note that there is also time between each class period that can also be used as short breaks.
- During class periods, **teachers may invite specific students to participate in small group learning** – dismissing other students to work independently on assignments for any of their classes.
- **Lunch is scheduled for your homeroom period (visible on your Infinite Campus schedule).** It will be either second, third, or fourth period.
- **Individual teachers will provide more information** about the schedule, their availability, and methods of communication in their Google Classroom beginning August 5.
- **NOTE:** teachers will not be “live” for the entire day. Students may have other assignments to complete during each period. Again, teachers will communicate hours and expectations for their classes.
- In the future, we will likely add additional after school activities – tutoring, clubs, etc.
