

## Checking Your Child's AR Goals

Here are the directions on how to get an email every time your child takes an AR test:

- Log on to Home Connect by **copying and pasting** the following website: <https://global-zone08.renaissance-go.com/studentprogress/homeconnect?t=254902> If you try to click on it, it will probably result in an error. It is best if you copy and paste.
- The username is: s + student number (Ex. s12345)
- The password is: s + student number + ! (Ex. s12345!)
- In the upper right hand side of the page, click on the button that says, "Get Email Updates"

- Type in your name and email address. Confirm your email address. Make sure the box that says Accelerated Reader is checked.

The screenshot shows the 'New Email Details' form. It has three input fields: 'Name' (with placeholder 'First and Last Name'), 'Email Address to Receive Updates' (with placeholder 'example@domain.com'), and 'Confirm Email Address' (with placeholder 'example@domain.com'). Below these fields are radio buttons for 'Subscription Language Preference' with 'English' selected and 'Spanish' unselected. Below the language preference is the 'Email Notifications Preferences' section, which says 'Choose which assignments you would like to receive email updates for' followed by a redacted name. A checkbox labeled 'Accelerated Reader — Quizzes to show how well students understand the books they're reading' is checked. Red arrows point to the Name, Email Address, Confirm Email Address, and the checked checkbox.
