INTRODUCTION

Philosophy

The Chandler Traditional Academy program was founded on the principle that parents and staff shall work together as partners to provide an education that encourages students to pursue academic excellence to the best of their abilities. The curriculum, pace of studies, and specific expectations for academic achievement, behavior, and dress require a firm commitment from every parent, student, and teacher. By selecting the Chandler Traditional Academy, parents, students, and staff are responsible for and committed to supporting CTA programs, upholding standards, and following the rules and policies of the school.

Traditional Curriculum

The CTA program develops a solid foundation of fundamental and higher level thinking skills through a structured curriculum that is consistent within each grade level and sequential throughout the grades. The kindergarten through sixth grade curriculum is taught using direct teaching techniques, whole class instruction and other approved teaching methods, including small groups, and has minimal interruptions for non-curricular programs or activities. A variety of research based instructional strategies are implemented across grade levels. The phonics-based Spalding method is the foundation of the CTA language arts curriculum. The Saxon math program is accelerated one grade level across the school. Special area classes, such as library, music, and physical education are included in the curriculum. Technology will be incorporated throughout the curriculum as appropriate in accordance with adopted State Standards and within district guidelines.

ADMISSIONS

All CTA schools follow the same CUSD admission and enrollment procedures, which can be found on all school and district websites.

CURRICULUM PROCEDURES

The following curriculum procedures are established to ensure that the Chandler Traditional Academy will continue to meet the expectations of parents, teachers, administration, and the Chandler Unified District Governing Board.

Classroom teachers and administrators shall utilize the following procedures as a guide for classroom organization and planning:

Classroom Organization

1. Utilization of departmentalized teaching methods, to take advantage of the strengths of individual teachers may be implemented.
2. Students' desks shall face the teacher's primary instructional area.
3. Appropriate discipline techniques, which focus on positive reinforcement of appropriate behavior, shall be used to maintain a structured, calm, and orderly classroom atmosphere.

Curriculum Instruction

1. Each teacher shall utilize whole class instruction, direct teaching, and other approved methods with an emphasis on meeting individual needs. Instructional time and students' time on task shall be maximized. Classroom activities not directly related to academic tasks should be kept to a minimum in all grade levels.
2. Each teacher shall provide an assignment for students to be actively engaged at the beginning of each day.
3. Teachers shall strive to provide academic challenges and interventions, as needed for all students. Parents will also be encouraged to provide extended learning activities for their children.

4. Teachers shall help students gain the necessary skills to become productive citizens by modeling and discussing the meaning of good citizenship, courtesy, honesty, and respect for personal and public property, and expect students to follow their example.
5. Students shall remain in class until their assigned dismissal in order to maximize instructional time. Teachers on duty in the afternoon may leave their classes a few minutes early in order to be at their duty stations when the students are released.
6. Whole school announcements, visitors and guest observers, and individual messages to students shall not interfere with instructional time. When possible, messages and announcements will be delivered during the first or last 15 minutes of the school day to minimize interruptions.
7. Teachers shall provide and establish a predetermined routine for testing. Students should be seated quietly and remain seated during testing. Teachers will monitor students during the administration of a test. All necessary materials will be provided and interruptions kept to a minimum.

CURRICULUM

District Objectives

The Chandler Traditional Academy shall meet or exceed all curriculum objectives established by the Chandler Unified School District. A sequential curriculum will be utilized in the areas of language arts, math, and reading. New material is introduced each year, which builds upon the previous year's curriculum. Quality teaching strategies will infuse the relationship of the subject matter to real world situations.

Generally, curriculum in the areas stated will be textbook based. Curriculum selected for each subject area will reflect the CTA philosophy and the importance of basic skills acquisition.

Spalding Integrated Language Arts

The language arts program will include the Spalding Method using The Writing Road to Reading along with the guidance of Succeeding in Reading with the Spalding Method Teacher's Guide. As a total language arts program, Spalding integrates direct instruction in listening, speaking, spelling, writing, and reading. The Spalding mission is to develop skilled readers, critical listeners, accomplished speakers, spellers, writers, and lifelong learners. A strong emphasis on grammar, both oral and written, will be stressed on all CTA campuses.

All language arts teachers at CTA shall have completed, or be enrolled in, the Spalding I course within five months after the date they are hired. Teachers shall complete the Spalding II course prior to the start of their third year teaching at a CTA campus.

The language arts program shall integrate the following components:

1. Spelling and Handwriting

Spelling is a phonics-based program with emphasis on daily written and oral phonics drills. Phonics along with Spalding manuscript and/or cursive handwriting shall be directly taught and maintained as standardized penmanship for all grade levels. Students in third through sixth grades are expected to write primarily in cursive.

2. Composition

In accordance with grade level expectations, each student shall participate in creative writing experiences as well as written book reports and research papers. Written assignments shall include narratives, informatives, and informative-narratives. Persuasive and argumentative writing forms are also taught.

Teachers shall encourage students' creativity while maintaining high expectations for grammar, spelling, punctuation, and neatness. Rubrics will be used as a scoring tool to evaluate these composition genres as well as the use of correct grammar, writing mechanics, and neatness.

3. Reading/Literature

Reading skills shall be developed utilizing quality literature, the HMH Journeys, Succeeding in Reading with the Spalding Method Teacher's Guide, and various expository text along with the phonic skills learned in spelling and handwriting. A strong emphasis shall be placed on listening and reading comprehension, literary appreciation, passage structure, and mental actions.

Each class may be read to daily for enjoyment. This activity will not exceed 15 minutes.

Students shall have Silent Sustained Reading (SSR) each day in conjunction with some sites that use the Accelerated Reader (AR) program. Each student shall have a library book available at his desk to read at all times.

Book reports are required throughout the year. The number of reports is determined by each grade level. Detailed book reports shall be on books approved by the teacher within the students' personal reading level range. Students shall not be allowed to repeat book reports from previous years for book reports.

For sites that include Accelerated Reader:

Required AR goals and books shall be equally divided into the four grading periods. Students shall set reading goals to achieve appropriate levels.

AR points and individualized reading goals shall be monitored by every classroom teacher.

- Students may be required to fill out a reading log daily. Parents shall monitor and initial the log.
- Teachers shall develop a system to keep track of the number of books/pages read. The number of books/pages read shall be included in the reading grade. Consistency in grading shall be maintained at each grade level. Teachers need to conduct daily mini-conferences to view students' reading logs.

4. Oral Communication

Appropriate listening, speaking, and memorization exercises shall be required at each grade level. Students shall memorize and recite material appropriate for their grade. The teacher may select quality poetry or prose, sections from the constitution or other

patriotic memory pieces, or a relevant piece that highlights an area of study. Students shall receive credit for completion of the memorization exercises. The goal of this activity is not simply to memorize and recite, but to practice fluency and expression in recitation.

Grades K-2

one item each grading period

Grades 3-6

two items each grading period

Mathematics

Mathematics shall include the mastery and practical application of basic mathematical principles. Students shall understand that mathematical problems have absolute answers and that precision and accuracy are required. Students use higher level thinking skills to solve conceptual problem solving applications. The use of calculators to complete classwork or homework shall occur only when directed by the teacher.

The mathematics basic facts program shall be taught to the mastery level using drill, repetition, and memorization to achieve appropriate accuracy and speed. Grade level year-end goals/expectations are as follows:

Grade 1 (+,-) 30 problems in 1 ½ min. Grade 2 (+ - x) 100 problems in 4 min.
Grade 3 (+ - x /)100 problems in 3 ½ min. Grade 4 (+ - x /) 100 problems in 3 min.
Grade 5 (+ - x /)100 problems in 2 ½ min. Grade 6 (+ - x /)100 problems in 2 min.

Saxon math, along with hands on activities and practice with manipulatives, and other district approved and adopted materials shall be utilized at all grade levels to ensure the mastery of the standards and proficient mathematical practices. The math program shall be accelerated one year at all grade levels, using the Saxon book with supplemental materials to ensure mastery of all standards.

Students shall use the five steps of inquiry with a “discovery” approach, with themes adopted for each grade level by Chandler Unified School District, utilizing the Harcourt Arizona Edition textbook.

Technology

Technology shall be integrated into the CTA curriculum as an additional resource that offers the student quality practice or for reference or communication as related to a specific subject. Computer skills, such as keyboarding will be taught where developmentally appropriate. Students will enhance the writing process using Word, Excel, Power Point and other programs to create documents.

Internet access requires a signed electronic user agreement to be on file for each student.

HOMework/ASSIGNMENTS

Homework is assigned to aid each student in time management, personal responsibility, skills practice of concepts taught in class, the strengthening of basic skills, developing study skills, developing initiative, and fostering independent learning. The homework policy will further keep parents involved in their child's academic progress, and the CTA curriculum.

Homework will be assigned Monday through Thursday of each week, except before a holiday. Daily homework will be due at the beginning of the next school day. Friday homework may be given to finish long-term assignments in the upper grades.

- Be flexible! Try something new or different to help your children understand their homework.
- Praise your child for his or her efforts!
- Lastly, if the frustration level escalates, and both parent and child are frustrated, **Stop!** Take a break from the homework, and if you can, try again later. Otherwise, add a note to the bottom of the homework sheet, advising the teacher of the situation.

Long-term Assignments (assigned more than one week in advance)

SCHOOL SERVICES

Chandler Traditional Academy offers services to enhance school unity, parental involvement, and an environment that promotes student success, care, and safety. Services shall include, but are not limited to Fundraising, Parent-Student-Teacher Policy book, pre-teaching, Tutoring Club, parent volunteers, and Spalding parent courses.

Kids Express provides before and after school care for the CTA campuses. Information is available at the Chandler District office or on school and district websites.

Fundraising

The Chandler Traditional Academy Parent Teacher Organization (PTO) may direct one major fundraiser each school year. Families are encouraged to participate together in this activity. Door-to-door sales by students are strongly discouraged.

Other fundraising activities on campus involving students shall take place before school, after school, or at lunchtime, and must be approved by principal.

Parent Volunteers

A parent volunteer organization will be established. At least one adult from each family that enrolls their child at the Chandler Traditional Academy is encouraged to volunteer a minimum of 5 hours for the school during the school year. It is hoped that parents, who have schedules and time commitments that allow, will volunteer many more hours than this. We welcome and appreciate the time our parents can devote to their child's education, but also understand that time available is different for each individual parent. Volunteering your time can be accomplished in a variety of ways, either at school or at home.

SCHOOL ORGANIZATIONS AND COMMITTEES

The success and operation of the Chandler Traditional Academy (CTA) is due, in part, to the attendance and participation of parents, teachers, and administrators in school organizations and committees; therefore, participation is strongly urged.

Parent-Teacher Organization (PTO)

This volunteer parent-teacher organization meets each month to support academic endeavors. PTO activities include fundraising, building school community and spirit, and the governance of the school and its functions. The PTO officers are elected by the membership, and a board representative shall serve on the Site Council.

Site Council

A school site council shall be established at the CTA to provide a cooperative procedure for determining goals and educational philosophies of the school. The council, like all other governance or administrative units of District, operates within the guidelines of District Governing Board policy, budget, ethics, and law. This governing body is organized with representation of parents and staff to uphold the educational foundation of the school. The Site Council meets at least 4 times each year. Children are not to attend Site Council meetings.
