**6th Grade Science Camp
September 16-18, 2019!**

The Liberty Robotics Club is designed to ignite an enthusiasm for discovery of the basic principles of science, technology, engineering, and math (STEM) in children, ages 9 to 14.

- After School Club
- Monday's at Liberty

Translate learning to real-world applications beyond the classroom walls while staying inside the classroom:

- Science “hands-on” experiments and experiences.
- “Hour of Code” applied during Computers
- Activities and assignments that help bring more Science, Technology, Engineering and Math into the curriculum.
- Include STEAM activities: which is STEM content taught through an integration of the arts.
