Accelerated Reader **AT HOME** Tips:

1. Look up the test number of the book before logging in to test. Use ARbookfind.com and search for the test number.
2. Review the book before you test because you can't use the book as a reference.
3. Record books on a log if you want to track your progress. (attached sample)
4. At school, we only take the Reading Practice test for points. But, you can practice skills by also taking the Literacy Skills test and Vocabulary test if there is one available.

Accelerated Reader **AT HOME** Expectations (same as school):

1. Students should NOT receive help on quizzes at home.
2. Students should NOT be allowed to use the book.
3. Students should have a quiet, work environment to focus during the test.
