

How to Sign Up for the Carpool Directory

All families of ACP Oakland students that are interested in carpooling may utilize our online carpool directory. All users need to be registered as a user on schoolwires to be able to access carpool information. Parents that do not already have a user name and password for the district website (schoolwires) may set-up a user name and password by clicking on REGISTER located in the top right hand corner of our website to create an account.

Once a schoolwires user account has been established, parents may complete the carpool registration form by going to the > Parents Tab > Carpool Directory> Carpool Registration Form.

Parents will need to complete the Carpool Registration Form using their contact information. Please do NOT use a student's name in the registration process. It normally takes 48 – 72 hours for your information to be added to the carpool directory. Incomplete or inaccurate submittals may delay the process further.

After 72 hours, parents may "Sign In" to schoolwires and then they will be able to see information relating to other users interested in carpooling.

TIPS FOR SEARCHING THE DIRECTORY

It is recommended that you limit the search criteria information when searching the directory in order to yield the highest number of results. Searching with no parameters or only listing the zip code will yield the best results.

This screenshot shows the Arizona College Prep website's Carpool Directory search interface. The page header includes the school logo, name, and contact information. A navigation menu is located below the header. The main content area is titled "CARPOOL DIRECTORY" and contains a search form with the following fields:

- First Name: Contains []
- Last Name: Contains []
- Address: Contains []
- Zip: []

A dropdown menu for the Zip field is open, showing a list of zip codes: 85224, 85225, 85226, 85233, 85248, 85249, 85286, 85295, 85296, 85297, and 85298. Below the search form, there are search hints:

- Leaving fields blank will bring up all registered carpoolers.
- Entering the first letter of the last name will list all carpoolers whose name begin with that letter (e.g., entering "S" for the last name will return carpoolers named Samsos, etc.).

At the bottom of the search form, there are links for "Report a Website Problem" and "Search Again", and a "Subscribe/Unsubscribe" button.

This screenshot shows the same Arizona College Prep website's Carpool Directory search interface, but with search results displayed. The search form is filled with the following information:

- First Name: []
- Last Name: []
- Address: []
- Zip: 85225

The search results section displays the following information:
