

IT'S TIME FOR BATTLE OF THE BOOKS!

Battle of the Books a program offered exclusively to 5th and 6th grade students. Students work in teams of two or three students, reading 4 books per quarter for 3 quarters. After the fall, winter, and spring intersession, the teams will compete to see which team correctly answers the most questions about the books and scores the highest points! The team with the highest cumulative points moves on to the District Semi Finals. This program is entirely optional.

STUDENTS:

The only requirement is that you commit to all three quarters so your team members will not be stranded without you. The meetings will be approximately every other week and will take place in the Library. Meetings will take place Friday mornings at 8, a schedule will be shared once the groups are established. You may join Battle of the Books with a team or without, I will do my best to help you build a team. Battle books are available to check out from our library.

COME TO OUR FIRST MEETING...
Friday, August 2nd in the library at 8 am!
