

sixth grade at last

6 years of hard work...

finally, the leaders of Fulton Elementary!

We would love to honor your child and their journey! Each Thursday, we'd love to post a side by side picture of our 6th graders, featuring their Kindergarten school picture (or age 5) and their 6th grade school picture. Student example from last year.

#throwbackthursday #tbt

Additionally, we'd love to share a bit about their dreams for the future.

With your permission, we will post it on our Fulton Elementary social media pages; Facebook, Instagram and Twitter.

If you would like your child to be part of this #fultonlove student recognition, please submit a kindergarten school picture of your child with his/her name to foster.marjorie@cusd80.com. Additionally, please take the time to fill out the #fultondreams survey at the following link: <https://www.surveymonkey.com/r/Z5PF3WL>

We will be selecting students randomly, but all students who have photos and surveys submitted will be featured throughout this the 2017-2018 school year.

Thank you so much for helping your child see how much we at Fulton treasure our role in building great minds and hearts.

Respectfully,

Margie Foster – Librarian & Social Media Director

#fultonlove

*We anticipate posting to begin the first week of September, if student pictures are available digitally.
