Status Report

tudents and staff have benefited from the community's support of bond elections in 2006 and 2010. The district continues to grow approximately 600 to 1,000 students per year which requires additional classrooms and related technology and furniture and equipment. Funds have helped the district pay for a variety of important capital projects including new school construction and upgrades at existing schools.

2010 Bond: \$84,315,000

Budget	Project	Status
\$84,315,000		The district will sell 53.4% of the total bond authorization in February.
\$28,500,000	New Schools	The architect has been hired and design has begun. We are on schedule to open elementary school 30 in July of 2012.
\$3,500,000	Land	District is looking for an elementary school site.
\$33,115,000	School building renovations, including energy efficiency and security projects.	Projects are being identified and scopes of work de- veloped. Projects will be prioritized as monies become available.
\$2,000,000	Purchase School Buses	
\$14,500,000	Technology, Furniture and Equip- ment.	Plans, timelines and cost estimates are in the develop- ment stage.
