Health Office

Arizona State Law requires that all **NEW** students attending public school provide verifiable documentation of immunizations. If your child is entering Hamilton High School, they will need to show proof of immunity to certain childhood diseases before he/she can start school. The minimum number of immunizations shall include the following:

- At least 4 Tetanus, Diphtheria, and Pertussis vaccines; if the last DTP was more than 5 years ago, T-DAP booster is required
- A minimum of 4 Polio vaccines
- 2 Measles, Mumps and Rubella vaccines
- 3 Hepatitis B vaccines
- 1 Meningococcal vaccine
- Students must show proof of Varicella (Chicken Pox) vaccine. Schools will accept parental recall if their child has had chicken pox and the child has moved from another Arizona area. Children from other states will need to either provide vaccination dates from a legitimate doctor's office/clinic or submit a positive blood titer. Children who have not had chicken pox will need to be vaccinated. Students who receive the Varicella vaccine beginning at 13+ years of age need 2 doses, spaced at least 4 weeks apart.

Immunizations are provided free of charge at Chandler Care Center, Chandler Regional Hospital and Maricopa County Health Dept. Letters of inadequate immunizations will be mailed throughout the school year. Parents are expected to respond in a timely manner. By state law, your child will not be allowed to attend school until either a record of the immunization(s) or an acceptable exemption statement is submitted. If you have any questions, please contact the school nurse after July 14th at 480-883-5002.
