## WEINBERG ELEMENTARY CHOICES

**RIGOR, RELEVANCE, AND RELATIONSHIPS**

**TWO QUALITY PROGRAMS  
IN ONE EXCELLENT SCHOOL**

## OUR PHILOSOPHY

Weinberg's programs were founded on the principle that parents, students, and staff shall work together as partners to provide an education that encourages all students to pursue academic excellence to the best of their abilities. Arizona College and Career Readiness Standards, pace of studies and specific expectations for academic achievement, as well as behavior and dress, require a firm commitment from every student, parent and teacher.

Our academic programs are designed to develop a solid foundation of fundamental and higher-level thinking skills through a structured and rigorous curriculum that is consistent within each grade level and sequential throughout the grades.

Kindergarten through sixth grade curriculum is taught using small group as well as direct instruction, and research-based teaching strategies, while making learning relevant to each student. At Weinberg we strive to build relationships with our students and families that foster a love and dedication to learning.
