Our Week at a Glance

Math: Students worked on finding the median of a set of data as well as creating stem and leaf graphs from the data, sketched, named and found the names and edges of solids, and reviewed probability.

Reading: Students read a story call The Journey, Story of Migration. They answered questions about the story and took their weekly reading test.

Writing: Students worked on writing a descriptive paragraph.

Grammar: Students used adjectives and adverbs that compare in sentences.

Social Sciences: Students started a unit on light energy.
