## March 6, 2020

### Celebrating our Jets!

We have a lot to be proud of here at Jacobson. It's important we honor students for the things they do well. The next few pages of pictures are just some of the recent student recognitions we're crowing about!

Congratulations to our students who went to the Chandler Invitation Fair this month. Also, congratulations to our fifth and sixth graders who were showcased in the districtwide honor band and orchestra.

Staff also highlighted students this week at our Quarterly spotlight assembly. These kiddos are considered some of

our most considerate and thankful friends. Finally we cheered on our athletes at Bogle Junior High. Winners from this event will move onto the district-wide field day next quarter.

There's a lot to be proud of at Jacobson - JETS fly with PRIDE!

## Happy Spring Break!

We'll see you back again on TUESDAY, March 24th.

## Glo Germs in 2nd Grade!

After a lesson from Mrs. Menghini about how germs spread and how to avoid it, each child “sneezed” (a scoop of lotion mixed with glo germ powder). They then took time to touch anything in the classroom that they might touch in a normal day. After that, we turned out the lights and saw the results of our germ spreading. Finally and best of all, they used baby wipes to wipe up all of the germs resulting in a very clean classroom!

Mrs. Menghini hopes that this tactile learning will instill in them how important hand washing is! The pictures were a little tough with the low light, but still very cool!

## 4th Grade Takes a Walk on Mars

The Walk on Mars is a walkable basketball-court sized vinyl map of Mars that was brought to Jacobson by an ASU scientist and NASA volunteer for 4th graders on Tuesday. The ASU scientist helped capture the pictures of Mars via the Odyssey spacecraft and create the 3D printed map.

Space Explorers Club offered this experience to all 4th graders to spread awareness and excitement about Mars. The 4th graders had a tour of the map and then completed a geological location scavenger hunt.

## A Letter from the Health Office

As we depart for Spring Break to enjoy our families and get some much needed rest, remember that this is a great time to schedule any necessary doctor or dental appointments. It is also a great time to check in with your students and their progress here at school. Children are always excited to share what they know and are encouraged when we show them that we are interested in that knowledge. It also gives us the opportunity to discuss any concerns or obstacles that they may be experiencing. Collectively as a community, we can insure the health and happiness of our students.

This is also a great time to review any medical conditions that your student may have. On our district website, [www.cusd80.com](http://www.cusd80.com), in the right hand corner you can click the **Departments** tab and you will find a link to our **Health Services** webpage. There you will find an array of helpful information, including medical forms, our health protocol and so much more. Please remember that any medications that are required to be taken at school must be accompanied by a **Consent for medication administration** form and must be brought in by a parent to the health office. You can find this form and our medication administration policy on the **Health Services** website.

As we all know, lice can be a common problem in schools. Unless we are notified by families or it is noticed while the student is at school, it can be overlooked which leads to spreading within the community. There is a stigma that comes with the presence of lice and this at times can be emotionally difficult for the student. It is important to remember that this is a treatable issue and that your child needs your reassurance that it isn't due to their lack of cleanliness. Please be sure to be diligent about checking your student's hair every so often and notifying the health office when lice are found. If you have a concern about a lice presence, please feel free to contact me anytime. I can assist you with resources and what to look for when inspecting your child's hair. Rest assured, this is something we can overcome together.

Cold and allergy season is upon us. Please remember that the health office does not carry cold or allergy medication. It is advised to give your child medication before school and again as soon as they come home from school if needed. Remind your students to continue with good hand washing, get plenty of sleep and to drink plenty of water. Please carefully assess your child before sending them to school and see your doctor for any concerns. A child who is sick will not be able to perform well in school and would benefit from rest and treatment at home.

I hope that you all enjoy your Spring Break! We look forward to hearing about all the exciting things the kids will share with us when they return.

Sincerely,

Michelle Vick, Health Assistant
