

# Space Explorers Club Registration

## What is Space Explorers Club (SEC)?

Space Explorers Club (SEC) is a club designed to promote the study of earth science, mathematics, technology, and astronomy related subjects. This is the 22<sup>nd</sup> year that the club has been offered at Jacobson. Students will attend a series of monthly lessons during their lunch break. After these four lessons, they meet weekly to build their rockets. Then you guessed it... 5, 4, 3, 2, 1...BLAST OFF!!! Each student gets to launch their rocket.

## What is expected?

Students are encouraged to bring their lunch on meeting days (see attached calendar). Each SEC member will follow the SEC code and treat each other and guests with respect. And of course, we are following school rules.

## Why do I need to volunteer?

SEC is a club that is run by volunteers and we need your help for our continued success. We ask that SEC parents sign up to volunteer for at least one lesson. All materials are provided, no prep needed. Each classroom will have a 'Mission Commander' to help coordinate classroom activities. Parent volunteers are essential to help students with lesson projects as well as, building their rockets. Please sign up below.

## What is the SEC Fee for?

The SEC Fees cover the cost of the lesson materials, rockets, and other club expenses. Sixth grade SEC members will go on a field trip to the Challenger Space Center.

If you have any questions, please contact our SEC coordinators, Duke Wellington and Kristy Vigesaa at: [JacobsonJetsSEC@gmail.com](mailto:JacobsonJetsSEC@gmail.com).

**Please turn your registration form in to your teacher by: Friday, August 4<sup>th</sup>**
