Second Step Skill

The district has adopted a new social skills curriculum called Second Step. Every Friday we introduce a skill students need to be a successful learner and then spend the next week applying the skill in mini-lessons. There is a piece that is to be done at home. They will be attached to your second graders homework. Please be sure to sit down with your second grader and discuss the activity that comes the skill. To get things started ask your second grader what skill we started last week.
