

SNAPSHOTS OF Ms. Hartman's Class

Week of September 3rd- September 6th

What We're Learning

Reading- This week we will be reading: Teachers Pet. While reading the story we will be working on such reading skills as visualizing the text and using our comprehension part of the brain to identify the structure of the text: characters, setting, plot, problem, solution.

Writing- We will be working on working on writing a informational paragraph that describes our school day emphasizing the order and the use of linking words.

Math- We will be working on breaking wholes into thirds, representing a number in multiple ways, and counting money to the nearest penny. Just a reminder students will be bringing home homework daily so please be sure to check in with them and ask them about which topic we are studying.

Science/ Social Science- We needed one more day to wrap up our unit on the water cycle with identifying the phases with their mini-water cycle experiment. Then we are jumping into US symbols. Students will be finding out and researching a little more information about such symbols as the: Lincoln Memorial and Statue of Liberty.

Spalding- Students should be practicing their 30 spelling words. We will be testing on THURSDAY so, please be ready. We will also be introducing our spelling words for next week in class this week with our phonogram practice.

Grammar- We are working on identifying singular and plural nouns.

Note from the Teacher:

It was great seeing everyone last week for conferences. I got all my grades updated from all the paperwork of students who were missing assignments. Check it out on line to see how your child's grade changed.

I will be sending home the new progress reports on Monday. Check the green folders.
