

Dear Parents/Guardians,

In preparation for students returning to in-person learning, the health office will now begin accepting student medication with a **completed Consent for Medication Administration Form** brought in by parents/guardians. ***This will be done by appointment only.***

- At this time, in accordance with Maricopa County Department of Health recommendations, small-volume nebulizer (SVN) treatments will not be administered at school. Please check with your healthcare provider for alternatives.
- The health office will not be administering any over-the-counter (OTC) medications for symptoms that can mask COVID-like symptoms (i.e. Acetaminophen, Ibuprofen, Cold/Flu), as those symptoms will warrant student to be excluded according to the **COVID-19 Exclusion Guidelines**.

Please review the **CUSD Guidelines for Medication Administration**, as we will *only accept and administer medications that comply with these guidelines with the few exceptions above.*

Please contact me in the health office at 480-224-2802 to make an appointment. Please allow 15 minutes per student when bringing in medication.

Thank you,

Juleen Barth RN

Perry High School
