

Google Classroom  
Logging in as a Student

1. You must use the Chrome browser to access our Google classroom.

Take Chrome everywhere

Sign in to Chrome with your Google Account to get your bookmarks, history, passwords, and other settings on all your devices.

2. Your child must sign into Chrome using his/her CUSD assigned student email and password. (This is NEW for elementary students as of March 2020.)

Your child's CUSD email is: s+student ID# @gse.cusd80.com

Sign in to Chrome

Sign in with your Google Account to get your bookmarks, history, passwords, and other settings on all your devices.

3. Your child will then type in their password. The district has a one time password s + SID# + !. Your child will need to create a new password. I would suggest he/she use the same password as Office 365 which is riggs10.

4. Finally, type [classroom.google.com](https://classroom.google.com) and this should take him/her to our Google Classroom page. He/she might need to click “Join” but once that is completed, he/she will see my Stream page where I have announcements posted.

**\*\*Common trouble shooting tips:**

- 1. Be sure you are using Chrome as the browser!**
- 2. Be sure your child is logged into his/her assigned account. To check, look at the top right hand corner and you should see your child’s student Id number or user profile.**
