2021-2022 Hamilton High School Junior Registration Worksheet

It is time to choose your classes for next year! Please register via the Student Portal of Infinite Campus. Students must log into the Student Portal and register for courses. Directions for registration are on our website. This worksheet is to prepare the students for this online registration. Counselors will collect the form when they meet with students one on one.

We hire teachers and create the master schedule based on student requests. **Please consider your selections carefully, as we will be unable to accommodate schedule changes after schedules are created.**

(Student Signature)

- Students **must** select classes to fill six (6) periods.
- Students **must** provide at least two (2) alternate choices for electives.
- Students registering for Release Time (Seminary) must indicate this by filling in one of their electives. This will replace one elective and does not contribute toward graduation requirements. Students should register for Summer School, Zero Hour or Chandler Online Academy to replace this credit.
- Students may select optional Zero Hour classes in addition to the required six (6). Classes are offered only if there is adequate enrollment and/or teaching personnel available.

Check here if requesting a Zero Hour class. Zero Hour classes are not guaranteed.

CORE COURSES – Circle the courses for each required core subject area. Please enter BOTH semesters in your course requests.

English	English 11 ENG300A/B	EVIT English 11 (Periods 3 & 4 Block) ENG300AEVT/BEVT		AP English Language & Comp. ENG305A/B
