2021-2022 Hamilton High School Senior Registration Worksheet

All registration is done via the Campus Portal of Infinite Campus. Students must log into the Student Portal and register for courses. This worksheet is to prepare the students for this online registration. Counselors will collect this form.

- Students **must** select classes to fill at least four (4) periods.
- Students **must** provide at least two (2) alternate choices for electives.
- Students registering for Off Campus Release Time (Seminary) must indicate this by filling in one of their electives. This does not contribute towards the four (4) period minimum or towards graduation requirements.
- Students may select optional Zero Hour classes in addition to the required four (4) periods. Classes are offered only if there is adequate enrollment and/or teaching personnel available. You must provide your own transportation for Zero Hour classes.

Check here if requesting a Zero Hour class. Zero Hour classes are not guaranteed.

Please consider your selections carefully, as we will be unable to accommodate schedule changes after schedules are created.
