

Perry High School
STEM Diploma Program
Summer Experience-11th grade

The Summer Experience is the final Summer requirement for the STEM program. You may choose from the menu below to fulfill your requirement.

The menu are options for you to fulfill your requirement, anything chosen by the student must be approved by the STEM coordinator prior to registration.

1. Job Shadowing:

Job shadowing requirements can be found on the PHS website under STEM. Any job shadow that is chosen must be approved by the STEM coordinator

2. STEM Workshops:

These are summer enrichment programs, or camps, that universities hold for students. They vary in length, but usually run a week. The camp must be a minimum of 3 days in length and have a STEM related theme. The cost for these programs will vary. Any workshop that is chosen must be approved by the STEM coordinator.

3. STEM Activity:

Any other type of STEM workshop, activity, etc., that is not necessarily held by an educational institution. These activities could be offered by STEM related companies or organizations. Any activity chosen must be approved by the STEM coordinator.

STEM students must have their menu item chosen and approved by the end of April each school year.
