

Grade 6 **Private and Personal Information**

http://cybersmartcurriculum.org/safetysecurity/lessons/6-8/private_and_personal_information/

Overview:

Students learn they can converse and share ideas and opinions with others in cyberspace. They adopt a critical thinking process that empowers them to protect themselves and their families as they visit sites requesting private identity information.

Objectives:

- Give examples of the kinds of information websites request before allowing visitors to participate in an online activity.
- Define identity theft.
- Distinguish between private identity information and personal information.
- Recall that private identity information should not be communicated in cyberspace without permission of a teacher, parent, or guardian.
