ESTUDIOS SOCIALES/CIENCIA

Social Studies/Science

This week students explained the role the sun plays in living things. We explored and explained what producers are, what consumers are and what decomposers are. Next week, students will create a food web to elaborate on energy and living things. In addition, students will learn about parts of a map.

CTA LIBERTY

What's happening?

FROM MRS. BLACKWELL

SPELLING: This week we will begin entering spelling 20 new words into our spelling notebooks. For spelling homework this week, we will use list 4 in their spelling books. Students will test on their list 4 words on Friday this week, due to conferences.

LANGUAGE: We will focus on using simple sentences to create compound sentences. We also will revisit the conjunctions (FANBOYS).

MATH: We will continue with the Saxon math lessons, covering review concepts from 3rd grade math.

Reading: Our new story this week is Roberto Clemente, from our Journey's text book. The focus skill is cause and effect and literal vs. nonliteral meanings.

I look forward to seeing you all this week at conferences!

Reading/Lectura

This week students read authentic text in Spanish using Antología textbook. We read for fluency and comprehension. Students test on text read at the end of week. We continued to use describing words and the verb ser (to be). Next week, the students will learn to describe where they live and the names of the rooms in a house or an apartment. Students will also locate and describe neighborhoods and homes.

SPANISH WORDS OF THE WEEK

Verbo ser:
 soy/eres/somos/son
 ciudad playa
 alto (a) / amable/
 atrevido(a) / bajo (a)
 bonita (o) / delicioso(a)
 divertida (o) / pequeño (a)
 serio (a) / cómico (a)
