#### CHS Parental Consent and Release Form for Public Student Recognition

Chandler High School is very proud of the accomplishments of our students. As a result they are often spotlighted in the *Wolf Howl* Newspaper, *El Lobo* Yearbook, on the video announcements, and in other media venues. Professional media outlets sometimes request to reprint or rebroadcast the work of our student publications, and video classes so they too can acknowledge the work of our students. We would like to be able to release our students' names, grade levels, pictures, and accomplishments to various forms of the media. By giving your consent, your child may have his/her name, likeness, work, and/or grade level published on the Internet, or in any school and/or national new media outlets.

## **BYOT Responsible Use Agreement** (Signature Required)

We are pleased to be able to offer “Bring Your Own Technology” as an option to expand student and staff access to online and other educational electronic resources. The purpose of this agreement is to outline the expectations for use of personal electronic devices on our campuses.

### **Chandler Unified School District BYOT Philosophy**

Our philosophy is to assist all members of the Chandler Unified School District community to be good digital citizens – students and staff who use technology to support learning in a meaningful, safe and responsible way, in accordance with all applicable state and federal laws. (NOTE: Regulations, consequences, and possible disciplinary action for inappropriate use of the network and electronic devices are already covered by the CUSD Acceptable Use Policy, a separate document available at: <http://cusd80.com/AUP>.)

### **Purpose of and Permissions to Use Personal Electronic Devices at School**

Like other personal items that may be brought from home to school, there are times and places where the use of personal electronic devices is beneficial to instruction, and other times when it is not. The expectation is that personal electronic devices are to be used only for instructional purposes, in appropriate times and places as determined by each school’s principal. Teachers who permit the use of personal electronic devices in class are expected to model and teach responsible use of the Internet, to monitor students’ use of the devices, and to set up any applicable classroom procedures and rules pertaining to this use. Teachers or other staff may be able to assist, but cannot be expected to troubleshoot problems with the students’ technology.

### **Internet and Network Access**

We maintain a filter that blocks harmful content on the Internet from students. When you sign this agreement and bring in your own device, you will be allowed to use the district-supplied, filtered network for Internet access at your school, if available. The District reserves the right to monitor use of the District’s systems for improper use without advance notice or consent. Your signature indicates your understanding that any activity that occurs with the use of the District’s internet and network systems are not private and may be accessed by the District for the purpose of ensuring proper use. Your signature also indicates your understanding that we cannot filter any non-district network connections (such as 3G or 4G) that may be already present on your device, and that you agree to follow the Acceptable Use Policy and all other related CUSD policies related to Internet use, regardless of the network you use. Use of electronic devices outside of these conditions is not allowed, can be considered a distraction to instruction, and will be handled as already described in the Student Handbook. (Please see the Student Handbook for more information about current policies related to technology use at school.)

### **Examples of What You MAY Do With Your Device at School:**

*Using the device at times and in places when the teacher has given permission for you to use them, such as:*

- Conducting research on the web for a school project –citing resources, following copyright law, respecting the intellectual property of others
- Creating documents in collaboration with other students when working in groups
- Participating in class discussion threads, using respectful language to others
- Engaging in class activities using your device as a responder
- Taking a photo or video of a project to put into a class presentation

### **Examples of What You MAY NOT Do With Your Device at School:**

*Using the device at times or in places when the teacher has asked you not to use them, such as, but not limited to:*

- Texting to others for non-instructional purposes
- Bullying or threatening others
- Playing non-educational games
- Attempting to bypass network security or engaging in hacking
- Taking a photo or video of another person and posting it to the Internet
- Sharing personal information with others
- Engaging in plagiarism or copyright infringement

Please note that use of personal electronic devices is left to the discretion of the classroom teacher. The teacher will make the final determination of when use of personal electronic devices is appropriate.

**You are encouraged to:**

- Personalize your device with a case, school-appropriate skins, decals, wallpaper, etc. that will make it easier to distinguish your device from other students' similar devices.
- Charge your device before bringing it to school. (It will not be possible to charge student devices at school.)
- Keep track of your personal electronic device. The school and district is not liable for your losses due to theft, damage, or other financial harm.
- Follow the Acceptable Use Policy and school and class rules. Remember that BYOT is a privilege, not a right. This privilege can be taken away if abused.
- Install, update, and use virus protection on your device. If your device is determined to be the source of virus infections or security problems, access may be discontinued.

As new technology becomes available, we expect that it will be necessary to update this document and to make clarifications. If you have questions about which devices and specific uses are permitted, please refer these questions to your teacher and/or school principal.

**STUDENT CONFINEMENT: PARENTAL NOTIFICATION AND CONSENT**

Arizona law (A.R.S. § 15-843) requires school district discipline policies to address the confinement of students left alone in an enclosed space. Governing Board Policy JK, "Student Discipline" and related Regulation JK-R address this topic.

The District does not engage in the use of confinement for disciplinary purposes. However, pursuant to A.R.S. 15-843, the District is required to notify parents/guardians that confinement may be used for disciplinary purposes and provide a process to obtain prior written parental consent.

Although the District does not anticipate the use of confinement for disciplinary purposes, it has adopted the following process to notify parents/guardians of the possible use of confinement for disciplinary purposes, as well as to obtain their prior written consent:

- The notification will be included in the student/parent handbook disseminated at the beginning of every school year.
- Parent consent will be obtained by having the parent indicate their agreement or disagreement for the use confinement for disciplinary purposes on the Acknowledgement of Handbook Receipt form, completed yearly upon receipt of the handbook.

Please note: Arizona law and Governing Board Policy permit school personnel to place a student alone in an enclosed space without parental consent if the school principal or teacher determines that the pupil poses an imminent physical harm to self or others. In this case, the school principal or teacher shall make reasonable attempts to notify the student's parent/guardian in writing by the end of the same day that confinement was used.

Please indicate your consent or refusal to permit the confinement of your child alone in an enclosed space for disciplinary purposes where indicated below. By signing below, you are acknowledging that you have read this notification.

**BYOT Agreement: Parental Notification and Consent**

I understand and will abide by the above policy and guidelines, in addition to any applicable Governing Board Policies, Administrative Regulations, and State and Federal laws concerning the use of technology. I further understand that any violation may result in the loss of my network and/or BYOT privileges, as well as other disciplinary action, and/or legal action in accordance with law and Board policy.
