

Dear Shumway Families -

We are ready to launch instruction beginning Monday, March 30th. Our teachers and staff have been working to contact all families via phone, email, Dojo and school messenger. If you haven't heard from your child's teacher, please email them directly.

Instruction:

All students have lessons assigned through Think Central for ELA and Math beginning Monday, March 30th. All electronic resources for student work can be accessed by clicking on the "student" tab [here](#). Additionally, we have distribution times set for paper packet grab and go pick-up as follows:

Monday, 3/30

8:30-9:30 Grab and Go Curbside distribution in front of school

2:00-3:00 Grab and Go Curbside distribution in front of school

2:00-2:30 Grab and Go Curbside distribution at apartments - on N. Hamilton St. where bus stop is for the Palm Terrace Apartments (555 E. Ray Rd.). Families living near-by may walk over and pick up packets as well if needed.

If you need access to paper packets for your child(ren) outside of our supervised grab and go pick up windows, we will have a bin with all grade level packets located just outside and to the left of our main entrance gate for pick up at your convenience.

All teachers will be communicating set office hours during which students and parents have access to assistance from our instructional staff. Outside office hours, teachers will still remain responsive to email and communication from families. Please know we are here to help support you! This email will also include attachments to PDF versions of the instructional packets/lessons for students as well as a cover sheet outlining the work for each subject for the week; providing three different means of access to student instruction and work.

Please be patient with us as we adjust to this type of instructional delivery.
