Congratulations to Maci Grannis, an amazing Casteel Colt who has shown what Courage, Character, and Commitment truly are, by persevering through two and a half years of chemotherapy and coming out the other side TODAY!- when she takes her last chemotherapy pill at 8:00 PM!! Maci was diagnosed with Acute Lymphoblastic Leukemia in May 2019, her 7th grade year at Casteel and has continued to take care of the business of fighting cancer and keeping up with school during a global pandemic! You would never know by seeing her smile that she has endured her oncology treatments for two and a half years, but we are proud to honor her today and call her a Colt!
