Key Issues From Community Feedback

- Siblings will not be able to go to Perry or Basha without open enrolling and transportation will not be provided
- Parents want students to attend a larger comprehensive high school
- Square mile “Ge” has been moved many times as new high schools have been opened
- New school needs to be big enough to be competitive in athletics
- New school must be large enough to offer the same academics and extracurricular activities as the other high schools
- Safety – 7-12 grade on the same campus
