

2nd Grade News

week of: 7/24-7/28

Learning Focus

Math: We will be creating a variety of graphs as we get to know our class!

Social Studies/Science: We are going to be starting our first two STEM challenges! We will be building a rocket and working as a team to "Save Sam".

Language Arts:

Reading: "First Day Jitters"

We will be working with compound words, making inferences from the text, and story structure.

Writing: We will be starting our first narrative writing project about the traits of a leader. We will use these ideas to create our class mission statement!

Teacher Corner

Leader In Me:

We have started to learn about our school-wide program, "Leader in Me".

We are currently exploring the Principles and Paradigms of this program.

I will include information in this area that will highlight what we will be focusing on each week!
