2. **Athletic Shoes** – The type that will tie tightly on the top.
3. **3 ring binder (1”)** – This will stay in their physical education locker.
4. (4) dividers
 - Notebook paper
 - Pens or Pencils

Grading

Students in physical education class at Bogle Jr. High will be graded on attendance, participation and preparedness for class. Because physical education is an activity class, absences and missing work will need to be made up before the end of each quarter. Physical education make up sheets can be obtained from your PE teacher’s web page, or in person in the physical education office.

- Students can earn up to 10 points per day during regular physical education class.
- In addition to regular physical education points, students will be involved in notebook writing activities worth 10 points every other week.
- Students not fully dressing out for PE will lose a total of 20 points per non-dress.

If for any reason a student will be on an extended medical disability, which makes them unable to participate in PE, he or she may be reassigned to an alternate location by the teacher/counselor.

After you have read the Expectations and Material List please sign the below form and have the student return it to their physical education teacher.
