Review of the Week Before

This week we focused on living things in conjunction with our EQ: How do living things change as they grow?

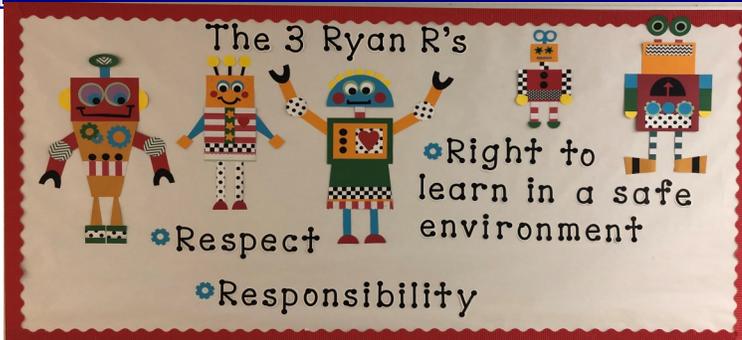

We reviewed letters and sounds, as well as segmenting and blending all the sounds in a word, and identifying and changing the first, middle, and last sound. We learned a new word family, -in.

We learned about writing messages/letters, specifically thank you notes to show our appreciation for others who give or do something nice for us. In addition to this we did some writing to answer our EQ, as well as writing to practice using our new sight words for the week—**good, was, ate**.

We also spent some time learning about Proper Nouns for people, places and pets. And how to write proper nouns, always with a capital first.

In math, we began our unit on making and taking apart numbers larger than 10.

For science, we learned about the lifecycle of a butterfly. We showed the sequence using the Flow Thinking Map, and used pictures to illustrate this as well.
