## Review of the Week Before

This week we focused on helping others, as well as different tools that help us in conjunction with our Essential Question: How do tools help us do things with our hands?

We continued to practice first sounds, counting words in oral sentences, present tense verbs by acting out action words in our classroom, and also learned 3 new sight words—*me, with, my.*

For writing, we discussed sentences and writing story sentences, and also practiced writing sentences with our sight words and writing/drawing pictures to answer a question.

For Foundations, we introduced the letters D and S. Next week we will work on E and R.

In math we continued comparing numbers and quantities from 0-10, and also began learning about ordinal numbers first through tenth.

We ended the week with our assessments and had some time for a little classroom Fun Friday, and even had our second PTO Fun Friday day!

### WISH LIST:

**Nothing needed at this time.**

### Important Info:

- HW packets—New HW packets are due Friday, September 20. \*\*\*Be sure to accept only their best work! \*\*\* And don't forget to have them put their name on the cover.**
- Flash Cards—Make sure to practice at home. Feel free to practice a couple of words a week, or at a pace that is appropriate for your child. Next week we will learn—*you, what, are.* It is also a good idea to practice writing the words as well. This will help us as we start to write sentences and prepare for spelling tests at the end of the second quarter.
- Clubs—If you are signing your student up for an after-school club, please let me know!**
- Collections—Pop Tabs & Pennies, along with Box Tops. Please send them in!

Have a great weekend!
