

Student passwords (both AD/Microsoft and Google) will be reset as follows:

K-1

Pattern: first initial 3x

Example: first grade student Cole Hernandez will have their password reset to **ccc**

K-1 students will **not** be forced to change their password after it is reset

2-6

Pattern: s + ID# + !

Example: a fourth grade student whose ID is 123456 will have their password reset to **s123456!**

2-6 students **will** be forced to change their password after it is reset

7-12

Pattern: first initial + last initial + birthdate (MMDDYY format)

Example: sophomore Ani Smith whose birthday is October 3, 2007 will have their password reset to **as100307**

7-12 students **will** be forced to change their password after it is reset

Students can change their **Google** password by logging in to their Google account (accounts.google.com) with their reset password on **any device, at school or at home**

- Username for Google is s+id@gse.cusd80.com – example s123456@gse.cusd80.com

Students can change their **Microsoft** password by either:

- logging on to a CUSD Windows device with their reset password, **or**
- logging in to the Microsoft portal (myaccount.microsoft.com) with their reset password on **any device at school or at home.**
 - Username for Microsoft is s+id@s.cusd80.com – example s123456@s.cusd80.com

All 2-12 students **must** change their Microsoft password after it is reset **before accessing Infinite Campus.**

Thank you!
