

## Wrapping up the Civil War

11-29-18

After the Civil War, the United States has many challenges that they will need to resolve. Please read over each of the following and respond to them using at least 3 strong sentences.

1. **Treatment of former slaves-** How do we make sure that the South treats former slaves with respect and gives them rights like every other person after the Civil War?

---

---

---

---

2. **South's anger towards the North-** The South is very bitter with the North since they have lost the war and their way of life will now be changed. Also, many people in the North are very upset with the South. How do they work together to get over this?

---

---

---

---

3. **Rebuilding the South-** The South is in ruins with buildings destroyed and many parts of lands are unsuitable for farming. Their economy is in great danger. What should be the nation's specific plan to go about to fix this?

---

---

---

---

4. **Status of freed slaves-** How does the nation help make sure that former slaves get a job and a place to live since they are now set free?

---

---

---

---
