

## Fictional narrative about immigrant

💡 Write a **2 paragraph fictional narrative** about an immigrant that comes to the U.S. Use at least 4 of the 6 previous vocabulary terms from today in context, **highlighting them** as they appear. Provide examples as you share the terms.

💡 My example- “Manfred was a recent immigrant to the U.S. having just come in the last 3 weeks. He came over nervous and wondered how he might **assimilate** into the culture. Should he stop wearing his German style of clothes altogether? Should he start to learn to play baseball since most of the boys in his class were on a baseball team? He wasn’t sure since he did not like baseball, much preferring soccer over it.”
