

# Intro hypotheses questions- industrialization and immigration- complete sentences!

- Please use the paper at your table to respond to the following questions with 2-3 sentences each.
- 1. What is something in your life that you have done which has been difficult but worth the effort? (could be school related, could be sports, relationships, etc) Explain.
- 2. What is something in your life that you have done which has been difficult and you discovered later on, not worth the effort? Explain.

**Key compelling question for this new unit:** Do the benefits (positive) of change outweigh the cost (negative)?
