

National Geographic project

- ▶ 1. SUPER important: Have out your **graphic organizer of the 5 themes** and your **text of the 5 themes** (in composition book on page 15 to help you as you write.)
- ▶ 2. Make sure you **label each theme on your poster-** try as much as possible to **keep the photographs for that theme together.**
- ▶ 3. Only cut out a photograph when you are SURE you will use it. **Label with a post it note** the theme you want to use on it.
- ▶ 4. Do not cut out more than 2 photographs at a time before pasting it on and writing about them.
- ▶ 4. Keep your **photographs small** for the most part . You **can use the back of your poster.**
- ▶ 5. Add **enough detail** to your explanations (2 sentences). Use **key terms** from your expository text on the 5 themes!
