World War I test review

2-3-20

Directions: Work with your assigned partner to complete the following activities in order to review for your World War I test.

1. Draw a picture below which would demonstrate the concept of nationalism occurring.
2. Create a metaphor which would describe the Selective Service Act.
3. Besides pride in one's country, what are some other feelings that propaganda posters might seek to create in the people that viewed them?
4. What is the meaning of the World War I propaganda poster below?

5. Draw a picture below which shows the 4 big causes of World War I as gunpowder and the short term cause as a match that ignited the gunpowder. Make sure to label the terms.

(turn over)

6. Choose 1 cause that led to the Russian Revolution and 1 effect that came out of the Russian Revolution. Label them below and explain why each would be very important.

7. Complete the following simile below with an appropriate response. "Militarism was like a 100 yard sprint because _____."

8. Create a statement (with quotation marks included) below, **using no more than 15 words**, which would be the United States explaining to Germany why they have decided to enter World War I against them:

9. Draw a picture below which would display a person violating the Espionage Act (or Sedition Act) and getting arrested for it. Make sure to show exactly what they are doing to go against the law.

10. Fill in a 5 word explanation in the blank below which would make sense:

The new weapons of World War I = _____
_____.

11. How would imperialism lead to World War I?

12. Draw 2 pictures below. Create one of them to show a positive result that would come from new nations being created after World War I and make another one to show a negative result that would come about from new nations created after the war.
