

Review guide for industrialization and immigration summative assessment.

Directions: On Friday December 6th, you will be given a wrap up quiz on our industrialization unit. It will not be multiple choice but you will need to fill in the blanks with the proper vocabulary term (you will be given a word bank to choose from) that fits with a fictional narrative I give you. (Think of the fill in the blank narratives you have completed with your table group in the past before and this assessment will be like that.)

Note: To help prepare you for your final in a few weeks, you will NOT be allowed to use your composition book or any notes on this quiz.

You will also be given a small extra credit section where you have the opportunity to earn a few more points by analyzing a primary source.

These are the following terms you will need to be aware of to know how to use properly in the narrative. **Next to each vocabulary term, please explain in your own words what each means or why it is important.**

a. Industrial Revolution-

l. capitalism-

b. captain of industry-

m. communism-

c. robber baron-

d. steam engine-

e. child labor-

f. urban-

g. rural-

h. tenements-

i. push factor and one example-

j. pull factor and one example-

k. Labor unions-
