

7/8 General Art

**Midterm Review: What you need to know
Write definitions, etc. in the space provided.**

Turn in THE DAY OF THE MIDTERM and receive extra credit if this review is complete.

Elements of Art

- Line
- Shape
- Form (how are shape and form different?)
- Color
- Texture (what are the 2 types of texture?)
- Value (what does value DO in a painting/drawing?)

Principles of Design

- Emphasis (focal point)
- Contrast
- Unity
- Balance (3 kinds; what is symmetry?)

Drawing techniques (be able to demonstrate the following)

- Shading
- Hatching
- Cross-hatching
- Stippling
- What is a value scale?

Color

- How do we view color?
- Color wheel—who developed it, when, what is it used for?
- Color groups—identify the colors, how they are made, why they are important, etc.
 1. primary
 2. secondary

3. tertiary
 4. complementary
 5. analogous
 6. monochromatic (tint and shade)
 7. temperature (2 groups: what are they? What do they do?)
- What is color harmony?

Clay (where does it come from?)

- The 3 states of clay are:
 - Knead
 - Slip
 - Score
 - Fire
 - Kiln
 - Glaze
- The 3 hand building techniques are:

Sculpture (Has how many dimensions?)

- Categories of sculpture:
 1. Free-standing
 2. Relief (bas-relief)
 3. Installation
 4. Kinetic
- Ways to create sculpture:
 1. Carving
 2. Modeling
 3. Casting
 4. Assemblage
 - Found Objects
